

This practice of the doctors throwing arms or any part of their "stiffs" promiscuously around in the streets or on the roofs of buildings is seriously objected to by our office force. Last Saturday afternoon our local man was rummaging in some splinters and tin roofs the cyclone had gently dropped on the roof of the bake-shop just beneath our rear window, when his hand struck something that felt like bone and dried flesh. He called on the "devil" of the office to be near and give him courage and with desperate he yanked it forth and behold it was a woman's arm. Dr. Wallace was called and he pronounced it a good and valuable specimen. Soon crowds began to gather and speculate as to where the arm came from. An unanimous conclusion had just been reached by the excited crowd that some one had been torn to pieces in the wreck of the Phillips house and never been missed, when Al Smith came in and spoiled the whole sensation. He said Dr. Hamilton left it in his office when he moved from here and Al, getting tired sleeping in the same room with it, threw it out the back window. The next doctor that causes such disturbance in this office will be brought up before Squire Cox and the ex-chairman of the Republican central committee and severely censured.

Married at the Court House.

There was a very pleasant wedding at the court house Monday morning. The parties to the happy affair were H. M. Chambers and Miss Laura E. Lawrence, of South Haven township. Judge Chapman performed the ceremony. Miss Lawrence is the daughter of Wm. Lawrence, the people's candidate for county commissioner. The Voice extends its warmest congratulations.

There was also a wedding at the court house on Saturday at which time Judge Chapman spoke the words which caused the hearts of Waldo A. Chapman and Margaret A. Harrison to beat as one. They were residents of Hannewell.

Cholera infantum has lost its terrors since the introduction of Chamberlain's Colic, Cholera and Diarrhoea Remedy. When that remedy is used and the treatment as directed with each bottle is followed, a cure is certain. Mrs. Fanny Lauderdale, of Rock, Pope Co., Ill., says it cured her baby of cholera infantum and she thinks saved its life. A. W. Walter, a prominent merchant at Waltersburg, Ill., says it cured his baby boy of cholera infantum after several other remedies had failed. The child was so low that "he seemed almost beyond the aid of human hands or each of any medicine," but Chamberlain's Colic, Cholera and Diarrhoea Remedy cured him. 25 and 50 cent bottles for sale by F. B. SMITH, Druggist. 50-41

Don't Tobacco Spit Your Life Away
Is the title of a little book published by the Sterling Remedy Company, postoffice box 268, of Indiana Mineral Springs, Indiana. It tells all about a preparation they make called No-to-Bac, which will permanently cure the tobacco habit. Many testimonial letters received from those who have used "No-to-Bac" report a complete cure in ten days and a gain of as many pounds. It is a guaranteed cure, costs but a trifle, and the man that wants to quit and can't, had better look this up.

An Epidemic of Bloody Flux.

Last summer the flux raged here to a fearful extent. About five miles north of here at the Whiteside graveyard there were five victims of this dreadful disease buried in one day. The doctors could do nothing with the disease. When my family was taken, I went to Walter Brothers, of Waltersburg, and told them the situation. They said, give Chamberlain's Colic, Cholera and Diarrhoea Remedy; that they had sent out several hundred bottles into the infected district and "every day we hear how this medicine is curing them. So far we have not heard of its failing in a single instance." I went to giving it and could soon see the good effects and a cure was the result. Anyone in doubt about these facts may write to me.—L. C. ELLIS, Rock, Pope Co., Illinois. For sale by H. F. SMITH Druggist. 50-41
